Søren Noe Lausen Multimedia Designer

- Serviceminded and helpful
- Creative and Playful
- Design oriented

About me:

I am currently studying multimedia design at IBA Kolding. During my studies, I am learning design principles, how to best utilize the Adobe Creative Suite, planning and executing a web solution, as well as correct and clear front-end web development with HTML, SCSS/CSS, and Javascript, with a focus on UI/UX/OOUI and end-user.

Previously, I completed an HTX at Vejle Technical College. Here, I studied Technology A /Design B, where I learned a lot about design, development, and marketing of products. In my final year, I was a tutor for first-year students, and I also often helped out when the school held events.

After high school, I worked for a year at Siemens Gamesa in Vejle as part of their admin support team. Part of my job was to support my colleagues in our part of the organization (800 employees). As part of my job, I helped with Sharepoint.

During my second gap year, I traveled to Italy, Australia, and New Zealand. My travels have inspired me to reflect on much of the graphic design work I have done and continue to do. This includes how I can easily and simply help users find what they are looking for through design.

Education:

Aug. 2024 - Aug. 2026 // IBA Kolding
(Multimedia Designer)

Aug. 2019 - June 2022 // Vejle Teknisk Gymnasium
(Design B/Technology A)

Aug. 2019 - June 2020 // Communication/IT C

Aug. 2019 - June 2022 // Technology A

Aug. 2020 - June 2022 // Design B

Aug. 2021 - June 2022 // Visual Arts C
